Aman Receives Committee Assignments

Freshman legislator eager to begin work this session

HARTFORD - Newly-elected State Representative Bill Aman has received his committee assignments for the 2005-07 legislative term. House Minority Leader Robert M. Ward (R-North Branford) has appointed him to the powerful budget-writing Appropriations Committee, as well as the Planning and Development, and Human Services Committees.

“Bill Aman is a very experienced public servant, with a long history of serving the people of South Windsor in various capacities,” said Representative Ward. “His experience and success is one of the reasons I have chosen to place him on the very important Appropriations Committee as a freshman House member. I know his leadership, knowledge, and expertise in a variety of areas will be beneficial to his service on this committee, as well as his other committee assignments.”

“I am honored that the Minority Leader has placed his faith in me by appointing me to the Appropriations Committee my first term in the legislature,” said Representative Aman. “I look forward to the tremendous challenges which lie ahead this session, especially as the Appropriations Committee begins to address spending priorities and a significant budget deficit.”

Representative Aman serves the Fourteenth District in the state House, which is comprised of the town of South Windsor. He was elected on November 2, 2004, and was sworn into office on January 5, 2005
